## Memorandum

Date: February 21, 1996  
To: Agency Liaisons  
From: Steve Yaeger *S*  
Subject: Workshop Breakout Participants

We have identified agency personnel by area of expertise for each of the breakout groups proposed for the CALFED Bay-Delta Program Workshop Five on Monday, February 26, 1996. These individuals were identified from our Program Coordination Team and Extended Review Team lists. (See attached list)

We realize not all personnel will be available for the workshop on Monday, however, we are asking that any agency personnel attending please be prepared to provide technical support for their designated breakout group. They will not be expected to answer questions concerning the content of the alternatives, but only to provide technical information concerning benefits and impacts that actions within the alternatives may have on the Delta resources.

If you have any questions, please call me at 657-2666 or contact Victor Pacheco at the same phone number.
